Vijayapura, Karnataka

Professional Summary

Artificial Intelligence and Machine Learning undergraduate with hands-on experience in developing AI-powered applications using Python, Flask, Scikit-learn, and TensorFlow. Strong foundation in Machine Learning, Data Structures, DBMS, and Software Engineering, with a passion for building scalable, data-driven solutions and solving real-world problems.

Education

Basaveshwar Engineering College, Bagalkot Bachelor of Engineering in Artificial Intelligence & Machine Learning	2023 – 2027 CGPA: 6.90/10
Poorna PU College, Dharwad PUC	2023 Percentage: 83.5%
Excellent English Medium Primary & High School, Vijayapura SSLC (KSEEB)	2021 Percentage: 88.8%

Projects

- Churn Shield – AI-Based Customer Churn Prediction System** (Python, Pandas, NumPy, Scikit-learn, Flask)
- Built an intelligent customer churn prediction system using Decision Tree Classification to identify customers likely to discontinue services.
 - Utilized Python, Pandas, NumPy, and Scikit-learn for data preprocessing, feature engineering, exploratory data analysis, and predictive modeling.
 - Evaluated model performance using Accuracy, Precision, Recall, and F1-Score while generating business insights through data visualization to support customer retention strategies.
- Smart Student Performance Prediction and Academic Advisory System** (Scikit-learn, Pandas, NumPy, Bootstrap, JavaScript)
- Developed an AI-powered web application using Flask to predict student final exam scores, classify pass/fail status, and identify academically at-risk students.
 - Built and evaluated Machine Learning models including Linear Regression, Decision Tree, KNN, and K-Means for performance prediction, classification, and clustering.
 - Designed a responsive web interface for dataset upload, model execution, and result visualization, enabling data-driven academic insights and decision-making.

Technical Skills

- Programming Languages:** Python, C, SQL
- Web Technologies:** HTML, CSS, Flask
- Machine Learning:** NumPy, Pandas, Scikit-learn, TensorFlow
- Databases:** MySQL, MongoDB
- Developer Tools:** Git, GitHub, VS Code, Jupyter Notebook
- Core Computer Science:** Data Structures & Algorithms, Database Management Systems, Operating Systems

Certifications

- Introduction to Microsoft Excel – Simplilearn SkillUp (Feb 2026)
- Cybersecurity Analyst Job Simulation – Forage (July 2026)

Activities

- Vice President – AIM (Association of Intelligent Minds), Department of AIML
- Organized a college-level technical event titled TechTronix
- Participated in the Data Science Hackathon organized by the Department of AIML, BEC, Bagalkot
